Description of the institutional grading system:

.....
 The RANEPА uses the traditional assessment system of the Russian Federation: “отлично”, “хорошо”, “удовлетворительно”, “неудовлетворительно”, and such an assessment as “зачтено” - “незачтено”. Branches and faculties of the RANEPА have the opportunity to use other scales, including points and cumulative assessment, however, the diploma marks the assessment in the traditional system. The minimum grades, which allow students to be accepted for the next course, are “удовлетворительно” and “зачтено”. Students who do not have academic debts and fully complete the curriculum are admitted to state final certification.....

The grade Distribution table:
